

SR. TECHNICAL ARCHITECT:

Bull Stockwell Allen is seeking a talented senior technical architect for our resort, recreation and community projects. This individual will have a passion for the details of putting a building together, but at the same time have their eye on the "Big Picture" aspect of a project. This individual will work with project teams on drawing standards, exterior detailing and quality assurance for buildings ranging from Type I to V construction.

The appropriate candidate will also demonstrate the following experience:

- 5 year Bachelor of Architecture or Master of Architecture degree;
- Licensed Architect;
- Minimum 10-15 years experience;
- Technical detailing and design experience on type I to V construction
- Code, ADA, Fair Housing Act and DSA Experience;
- Experience with both hospitality and community project types
- Outstanding client and team communication, organization and leadership skills
- Ability and desire to mentor teams on building detailing and the project's "Big Picture"
- Autocad proficient

Our people are the key to our success. Dedication to career growth and development, competitive compensation and benefits, and a positive and creative work environment are just a few of the things that make BSA Architects a great place to work.
